

GET STARTED

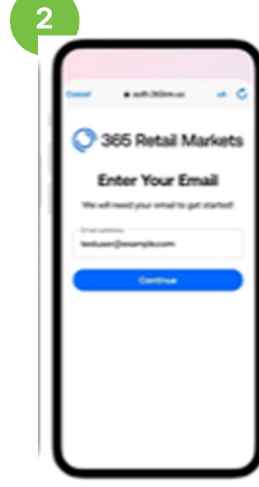

Set up your 365Pay account

Create your account, verify your email, and connect it to the Tap & Go Markets kiosk.

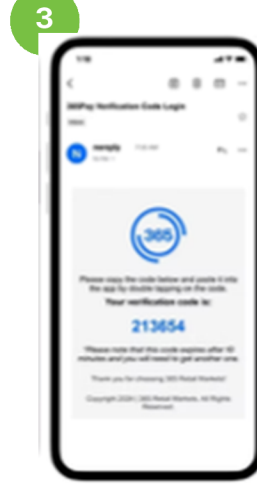

Open the app

Tap Log In or Sign Up to begin.

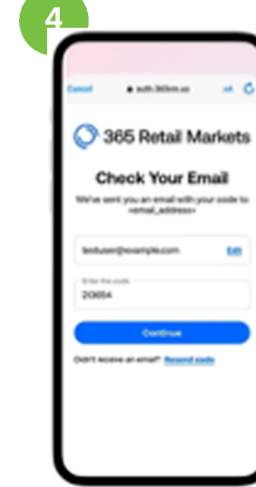

Enter your email

A verification code will be sent to your inbox.

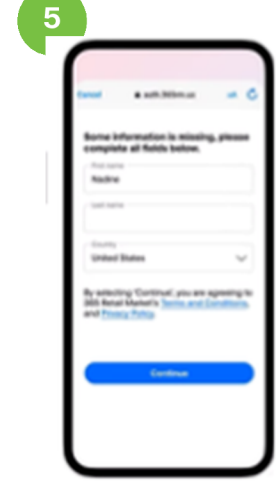

Verify your email

Enter the emailed code, then tap Continue.

Create or link

Enter your profile details. You can link an existing market card account during setup.

Finish setup

Save your information. The app may keep you signed in for up to 12 months.

LINK

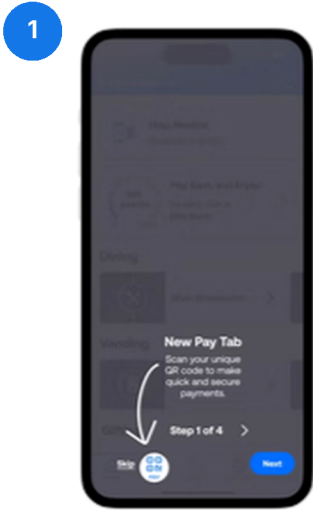

You do not need to choose a location during setup.

At the kiosk, scan the displayed account-linking QR code to connect your app to the market.

APP WALKTHROUGH

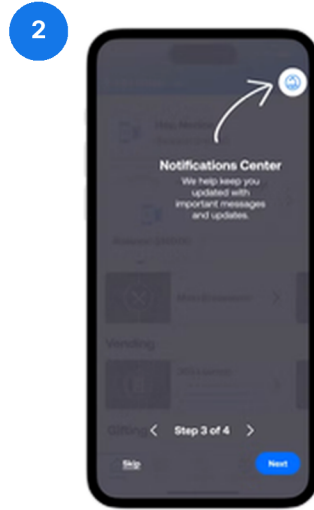

Take a quick tour on first login

The four-screen tutorial introduces the features you will use most. Tap Next, then tap Let's Go.

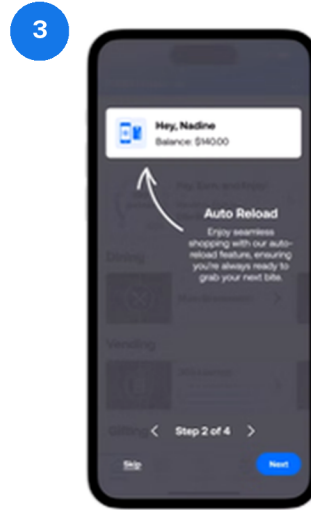

New Pay Tab

Open your personal account QR code for quick, secure checkout.

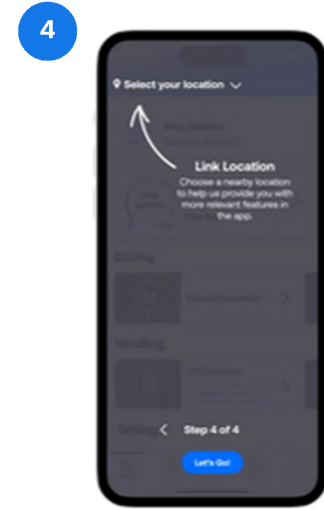

Notification Center

Review important market messages, account alerts, and updates.

Auto Reload

Automatically add funds when your balance drops below a chosen threshold.

Link Location

Connect to the market you use most so its features are easier to access.

BEFORE YOUR FIRST PURCHASE

Confirm your email address and account name.

Add a card, gift card, or available funding method.

Scan the kiosk QR code once to link the market.

PAY AT KIOSK

Use your personal account QR code

Open the Pay tab, fund your account, and scan the QR code at the kiosk to complete checkout.

YOUR QR CODE

Your personal QR code appears in the Pay tab.

Keep it private. Your kiosk purchase is deducted from your available 365Pay balance or processed through an available funding method.

1

Open the Pay tab

Tap Pay in the bottom navigation bar to display your personal account QR code.

2

Add funds

Tap Add Funds and choose an available method, such as a credit card, debit card, or gift card. You may also enable Auto Reload and select the amount to add when your balance reaches a chosen threshold.

3

Scan and complete checkout

At the kiosk, scan your account QR code and follow the on-screen prompts to finish the transaction.
